THE LONG VIEW ON JEWISH POLITICS

THE KATZ CENTER AT PENN

The political world is changing fast and perspective is at a premium. With a yearlong focus on Jewish politics, Penn's Katz Center for Advanced Judaic Studies is taking the long view. Researchers from around the globe have come together to study Jewish political ideas and practices across disciplines and cultural contexts. Throughout the semester they will engage with colleagues and broader audiences in a variety of public lectures, panel discussions, and conversations.
