Professor Y. Tzvi Langermann, Bar-Ilan University, will present his latest research on a 15th-century medical miscellany. Produced in Sicily, the manuscript contains texts written in Judaeo-Arabic, Hebrew, and Arabic, making it a fascinating witness to the cross-fertilization of ideas across borders and cultures in the history of medicine in the late Middle Ages. Presented in association with the Katz Center for Advanced Judaic Studies and the Jewish Studies Program in the School of Arts and Sciences.
